

# Introduction to GoLang

---

Anoop B

15th July 2020

## Installation & setup

---

- <https://golang.org/dl/>
- [GoLand: A Clever IDE to Go by JetBrains](#)
- [VSCodium](#)

## Tutorials & blogs

---

- <https://milapneupane.com.np/2019/07/06/learning-golang-from-zero-to-hero/>
- <http://tour.golang.org/>
- [Go By Example](#) - Hands-on introduction to Go using annotated example programs.
- [Go Cheat Sheet](#) - Go's reference card.

## Playground

---

- <https://play.golang.org/>

## GoLang Projects

---

List of some popular projects using GoLang

- Caddy
- Docker
- Tailscale
- Kubernetes
- Hugo
- Terraform
- Grafana

# Social Media

---

## Twitter

- [@golang](#)
- [@golang\\_news](#)
- [@golangch](#)
- [@golangflow](#)
- [@golangweekly](#)

## Reddit

- [r/golang](#)

## Resources from online meetup:

---

- [npci UPI specification](#)
